

Indigent Assistance Program

The *Indigent Assistance Program* offered by **TributeDirect™** was created to provide assistance to those families in need of funeral assistance and who are otherwise enduring severe financial hardship.

How the Program Works:

- An authorized representative from either a clergy or hospice organization completes an Indigent Assistance Application and returns it to **TributeDirect™** (*see attached*).
- **TributeDirect™** then consults with the referring organization and the family to determine that the Program offering is appropriate and acceptable to the family.
- **TributeDirect™** ships either its TR-Memorial I (White with Gold, 20 gauge steel) or TR-Memorial II (Blue with Silver, 20 gauge steel) casket to a designated funeral home. **TributeDirect™** shall charge only its costs to the financially responsible party.

(Payment must be made prior to shipping the casket. No other discounts apply. Additional shipping charges may apply.)

NOTE: Certain other conditions and/or restrictions may apply. Program may be changed and/or terminated without notice.
